## Career Objective:

Throughout my career as a front-end developer, I've emphasized the importance of scalable and well documented code. I enjoy working collaboratively but can also run with projects on my own.

## Summary of Skills:

- Around **5+** Years of experience in development of large-scale enterprise level web applications and software products using **ReactJS, Angular, Tailwind CSS, Html5, CSS3, JavaScript, Flowbite, Proline Ui, Material Ui, Bootstrap, WordPress, MySQL, Xampp**
- In-depth proficiency in **Figma transformations**, combined with a dedication to improving the effectiveness of frontend codebases.
- Extensive expertise in **NPM, Angular, and React** for front-end development.
- Expertise in **Tailwind** Framework to creating responsive applications.
- Strong Knowledge of **UI/UX** Design Flow.
- Hands on experience in **Redux**.
- Hands on experience all compatible **Responsive designs**.
- Basic experience on **Mongo DB. and MySQL, Xampp**.
- **ASP.Net** Projects working on Front end designs Using **Mudblazor, Bootstrap, etc.**
- Hands-on experience in data visualization using **Chart.js** and **Canvas.js**.
- Creating multiple **Front-End** applications for **Python Backend** Projects.
- Working on **Java** Backend team with Front end designs.
- Basic Knowledge on **Node Js, Express Js**,
- Knowledge of code versioning tools such as **GIT**.

- Highly capable to adapt to a new application environment and to trace and remove bugs of existing applications in the same environment.

## Technical Skills:

- **Operating System** : **Windows, Linux, Mac OS**
- **UI/UX** : **Figma ,Miro**
- **WEB Technologies** : **Angular, React js, HTML5, CSS3, Bootstrap5**
- **Database** : **MYSQL, Mongo DB**
- **Scripting Languages** : **JavaScript, jQuery, Typescript**
- **UI Frameworks** : **Bootstrap, Flowbite, Proline UI, Tailwind CSS.**
- **IDE's** : **Visual Studio Code, Sublime Text, Notepad++**
- **Web Services** : **RESTful API's, Axios, fetch, JSON**
- **Version controls** : **GitHub**
- **Build Integration Tools** : **Node Package Manager (NPM)**
- **Project Management Tool** : **Jira**
- **Cloud Computing** : **AWS (EC2, S3), Hostinger, GoDaddy**
- **Web Hosting** : **Hostinger, GoDaddy**

## Work History:

- Working as Software Developer in **Paccore software India Pvt Ltd**, Hyderabad from November 2021 to till date
- Working as Software Engineer in **Digi Tele Networks**, Hyderabad from November 2020 to October 2021
- Working as Web Developer in **CynergyTax Pvt Ltd**, Hyderabad from April 2019 to October 2020

<b>Project Name: 5</b>	<b>Drop Disel</b>
<b>Role</b>	<b>Software Developer</b>
<b>Skills Set</b>	<b>Angular, NPM, Bootstrap, TypeScript, CSS</b>
<b>Team Size</b>	<b>3</b>

## Project Summary:

Drop diesel is the mobile fuel delivery service in Hyderabad. Delivery is free and there are no membership fees. We promise it's not too good to be true. At Drop diesel, we bring fuel directly to you for the same price as a fuel station. Because its better for you, your city, and the planet. (And because one day we got stuck in the rain waiting in line for fuel in Hyderabad and thought, there's got to be a better way).

<b>Project Name: 4</b>	<b>Real Returns (URL: <a href="http://34.236.208.98/">http://34.236.208.98/</a> )</b>
<b>Role</b>	<b>Software Engineer</b>
<b>Skill Set</b>	<b>HTML5, CSS3, BootStrp5, JavaScript, Python, GitHub, MySQL</b>
<b>Team Size</b>	<b>4</b>

### **Project Summary:**

RealReturns.ai integrates cutting-edge tech and real estate expertise, providing a comprehensive solution for investors in the dynamic real estate landscape. Our platform streamlines investment analysis, offering robust tools for clear decision-making. From property assessment to risk evaluation, RealReturns.ai is your reliable partner in real estate investment, featuring a user-friendly interface and precise data for enhanced efficiency and effectiveness.

### **Responsibilities:**

1. Following as per Figma design Building responsive and user-friendly screens using HTML, CSS, and JavaScript.
2. Light and Dark mode theme functionality adding.
3. Writing, reviewing, and mentoring for Test cases.
4. Managing code on GitHub repository.

<b>Project Name: 3</b>	<b>Pluvial &amp; Womb ( URL: <a href="https://pluvial.ai/">https://pluvial.ai/</a> &amp; <a href="https://mywomb.org/">https://mywomb.org/</a> )</b>
<b>Role</b>	<b>Software Engineer</b>
<b>Skill set</b>	<b>WordPress, CSS, MySQL, PHP MyAdmin</b>
<b>Team Size</b>	<b>2</b>

### **Project Summary:**

**Pluvial:** Pluvial is a leading agriculture company dedicated to advancing sustainable and innovative solutions in farming. With a commitment to environmental stewardship and technological excellence, we provide farmers with cutting-edge products, services, and expertise to enhance crop yields, optimize resource utilization, and promote overall farm productivity. Our

comprehensive approach encompasses precision farming, Ag tech solutions, and environmentally friendly practices to address the evolving challenges in modern agriculture.

**Womb:** is the aim of WOMB (Women Owned Minority Businesses) when it was first ideated in 2020. The pandemic has affected millions of women in India, whose sole income was housework in residences. Without any supplemental skills, these women were left with no backup options and their families were impacted and left destitute.

### **Responsibilities:**

- Write, test, and maintain code for software applications.
- Collaborate with the team to design and implement features.
- Debug and resolve software defects.
- Break down high-level requirements into detailed tasks.

<b>Project Name: 2</b>	<b>TSREDCO ( URL: <a href="https://tsredco.telangana.gov.in/">https://tsredco.telangana.gov.in/</a> )</b>
<b>Role</b>	<b>Software Developer</b>
<b>Skill Set</b>	<b>Html5, Css3, Bootstrap4, JavaScript, ASP .NET</b>
<b>Team Size</b>	<b>3</b>

### **Project Summary:**
